

**Popular magnetic drive pup series M55.**  
**To-day still many thousands in operation.**  
**Pump has male threaded in-and outlet.**

**In 2000 the front housing of this pump was adapted.**  
**Pump had now standard union connections on in-and outlet.**  
**All internal parts remained the same**

**In 2005 internal parts are redesigned.**  
**Complete pump is interchangeable with old model.**  
**Most internal parts are not interchangeable.**
